RAHI SURESHRAO BHENDE

MCA Student| Software Developer | AI Enthusiast

+91 9322845182 | rahibhende@gmail.com | LinkedIn | Github

PROFESSIONAL SUMMARY

MCA student and software developer with foundational experience in frontend development, RESTful APIs, and database-driven web applications. Hands-on experience with Java, HTML5, CSS3, JavaScript, React.js, Node.js, MongoDB, MySQL, OOP, DSA, system design, and CRUD operations. Experienced in developing academic and personal full-stack projects using modern web technologies, with a strong interest in software product development, debugging, databases, APIs, and emerging technologies.

EDUCATION

Master of Computer Applications (MCA) 2025-Present

P. R. Pote Patil College of Engineering & Management, Amravati.
CGPA:8.84/10

Bachelor of Computer Applications (BCA) 2022-2025

Sant Gadge Baba Amravati University, Amravati.
CGPA: 7.53/10

TECHNICAL SKILLS

Languages: Java, JavaScript, Python(Basic).
Frontend: HTML5, CSS3, Bootstrap, React.js.
Backend: Node.js, Express.js, REST APIs, PHP.
Databases: MongoDB, MySQL.
CS Fundamentals: OOP, Data Structures & Algorithms (DSA), SOLID Principles, CRUD Operations.
Developer Tools: Git, GitHub, Visual Studio Code.

PROJECTS

FuturePath AI – AI-Powered Career Recommendation System | React.js, Node.js, AI APIs [Ongoing]

- Built an AI career guidance platform delivering personalized recommendations from user skills, interests, academics via AI APIs.
- Integrated MongoDB for persistence of user profiles, sessions, and 10,000+ recommendation history records.
- Configured authentication and authorization to protect profiles and personalized data, reducing unauthorized access.

Jivashray – Smart Pet Adoption Platform | React.js, Node.js, Express.js, MongoDB, Git, GitHub

- Designed & developed full stack pet adoption web application using MERN Stack, implementing end-to-end workflow.
- Architected the integration of MongoDB, enabling efficient storage and retrieval of pet and user records.
- Managed full project lifecycle using Git and GitHub for version control and collaborative development.

CCMS – Cyber Café Management System | HTML, CSS, JavaScript, PHP, MySQL

- Created a web-based management system for cybercafé operations, covering customer registration, session tracking.
- Implemented CRUD operations for customer records and session data, ensuring accurate real-time data management.
- Real-time data management pipelines ensuring data integrity for all customer.

CERTIFICATIONS

- Employability Skill Job Ready Virtual Internship — EduSkills , AICTE & Wadhwani Foundation (10 Weeks) .
- Soft Skills & Personality Development – NPTEL, IIT Kanpur.
- CSS Training Completion Certificate - Spoken Tutorial, IIT Bombay.
- Tata & Deloitte – Virtual Internship/Job Simulation Programs | Forage | Completed, 2026
